

**State Board of Registration for Engineers and Surveyors**

**Role and Overview**

The State Board of Registration for Engineers and Surveyors (ENG) was established to ensure that those who are licensed by the board meet certain minimum education and training criteria for practicing engineering and surveying in Ohio. The board then monitors those licensees to ensure compliance with the laws and rules of the state. The board’s annual budget of slightly more than \$1 million supports four staff members in addition to eight board members. ENG has nearly 35,000 licensees.

**Turnaround Ohio Initiatives**

- Ensure that Ohio has the best capable workforce of professional engineers and surveyors through transparent licensing and renewal procedures and through the administration of a continuing professional development program.

**Agency Priorities**

- Protect the safety and welfare of the citizens of Ohio by administering Chapter 4733 of the Revised Code to ensure that only qualified individuals with specialized knowledge and skills engage in the practice of engineering and surveying.
- Enforce established standards for licensure and registration of professional engineers and surveyors through examination, investigation, and continuing education.
- Continue communication with accredited engineering and surveying programs at Ohio universities in partnership with the National Council of Examiners for Engineering and Surveying (NCEES).
- Implement electronic payment of license renewal, expedite examination scoring through coordination with NCEES, and continue website enhancement to provide users with on-line applications, verifications, and instructions.
